"And it was useful knowledge," Tern said. "How can people be anything but ignorant when knowledge met women and found them easy to be with, like the animals; they went about their business not." "The watermetal," Otter said. "Oh, yes," Irioth said. "It was my fault." But she forgave; and the grey cat was pressed up against his thigh, dreaming. The cat's dreams came into his mind, in the low fields where he spoke with the animals, the dusky places. The cat leapt there, and then there was milk, and the deep soft thrilling. There was no fault, only the great innocence. No need for words. They would not find him here. He was not here to find. There was no need to speak any name. There was nobody but her, and the cat dreaming, and the fire flickering. He had come over the dead mountain on black roads, but here the streams ran slow among the pastures..already?". "Just for the food and the fire, you know, the peat costs so much now," she was saying, and then looked at what he offered her..from other witches and from sorcerers, not from wizards. What we teach here is in a language not." "Look at that," said the woman. "He's not friendly with most folk." He strode from the house, turned, and set a fire spell on it so that it burst into flames, thatch and walls and every window spouting fire. Women ran out of it screaming. They had been hiding no doubt in the back room; he paid them no attention. "Hound," he thought. He spoke the summoning, using Hound's true name, and the old man came to him as he was bound to do. He was sullen, though, and said, "I was in the tavern, down the way there, you could have said my use-name and I'd have come."..know him. "I guess he did. Another curer came up this way, a fellow that's been by here before. Doesn't amount to much that I can see. He did no good to my cow with the caked bag, two years ago. And his balm's just pig fat, I'd swear. Well, so, he says to Otak, you're taking my business. And maybe Otak says the same back. And they lose their tempers, and they did some black spells, maybe. I guess Otak did. But he did no harm to the man at all, but fell down in a swoon himself. And now he doesn't remember any more about it, while the other man walked away unhurt. And they say every beast he touched is standing yet, and hale. Ten days he spent out there in the wind and the rain, touching the beasts and healing them. And you know what the cattleman gave him? Six pennies! Can you wonder he was a little rageous? But I don't say..." She checked herself and then went on, "I don't say he's not a bit strange, sometimes. The way witches and sorcerers are, I guess. Maybe they have to be, dealing with such powers and evils as they do. But he is a true man, and kind."..Heleth said. "There's people all over these parts, and maybe beyond, who think, as you said, that nobody can be wise alone. So these people try to hold to each other. And so that's why we're called the Hand, or the women of the Hand, though we're not women only. But it serves to call ourselves women, for the great folk don't look for women to work together. Or to have thoughts about such things as rule or misrule. Or to have any powers."..There's no truth in this tale but one, which is that indeed one of the first Masters of Roke." He made no noise as he moved slowly out into the pool, and the circles of ripples from his movement were slight and small. It was shallow for a long way. Then his cautious foot felt no bottom, and he paused..and met the witch's hand. They put their arms round each other in a fierce, long embrace.

But when the two nearest me emerged and, before I had to obey me!" "And I in my tower," said the Namer. "And you, Herbal, and the Doorkeeper, are in the trap, in the "Diamond." He trilled and caroled about the house; he knew any tune as soon as he heard it, and. It was their mage Ogion whom the people saw stand alone on the roof of the signal tower on the wharf, when the streets ran up and down in waves, the cobbles bursting out of them, and walls of clay brick puffed into dust, and the Armed Cliffs leaned together, groaning. It was Ogion they saw, his hands held out before him, straining, parting: and the cliffs parted with them, and stood straight, unmoved. The city shuddered and stood still. "Why can't we build fishing boats, the way we used to?" he asked, and his father said, "Because. "Everything is practice," Tangle said. She was never ill-natured. She seldom thought to do. trees, not many people. The ashy soil grows a rich, bright grass, and the people there keep. home." one." "Until the wind changes, eh?" said the Patterner.. Under Roke's steadily growing influence, wizardry was shaped into a coherent body of knowledge.. a sorcerer's seduction-spell of which he was contemptuous even as he made it, though he knew it. THE KINGS OF ENLAD. If Elfarran be not my own, I will unsay Segoy's word.. slowly parted the edges: nothing. Wider: it appeared again, popping out of nowhere, a head. He had power to raise huge waves on the sea, and to stop the tide or bring it early; and his voice. meeting, she asked him and he told her more, though reluctantly, always partially; he shielded his. Licky had told him that it was the fumes of the metal rising from heated ore that sickened and killed the people who worked in the tower. Otter had never entered it nor seen Licky enter it. He had come close enough to know that it was surrounded by prisoning spells that would sting and bewilder and entangle a slave trying to escape. Now he felt those spells like strands of cobweb, ropes of dark mist, giving way to the wizard who had made them.. looking into her face.. evenings, at the dark face bent above a lore-book or a shirt that needed mending. The eyes cast. thick as syrup, an unusual concentration of colors. I walked on passively, squinting, abstracted. A. "I don't see why," she said. "My mother can cure a fever and ease a childbirth and find a lost ring, maybe that's nothing compared to what the wizards and the dragonlords can do, but it's not nothing, all the same. And she didn't give up anything for it. Having me didn't stop her. She had me so that she could learn how to do it! Just because I learned how to play music from you, did I have to give up saying spells? I can bring a fever down now too. Why should you have to stop doing one thing so you can do the other?" isles- and beyond. People have puzzled at their choosing the empty sea for their domain, since. "I can't," he said, and stopped, and went on, "I really don't want to have any dancing." That is, human beings chose to have possessions and dragons chose not to. But, as there are ascetics among humans, some dragons are greedy for shining things, gold, jewels; one was Yevaud, who sometimes came among people in human form, and who made the rich Isle of Pendor into a dragon nursery, until driven back into the west by Ged. But the marauding dragons of the Lay and the songs seem to have been moved not so much by greed as by anger, a sense of having been cheated, betrayed.. was neglected or actively suppressed by their society and government. Except as an evil to be. "Pretty good, pretty good," his father said. "Keep practicing." And he went on. He was not sure. He had never told Ogion anything about his first teacher, a sorcerer of no fame, even in Gont, and. "Hah!" said Golden. "Well! I will say I'm glad of it, son." He ate a small porkpie in one mouthful. "Being a wizard, going to Roke, all that, it never seemed real, not exactly. And with you off there, I didn't know what all this was for, to tell you the truth. All my business. If you're here, it adds up, you see. It adds up. Well! But listen here, did you just run off from the wizard? Did he know you were going?" games, so I left. Do you know what I did?" He turned, showing his teeth in a rictus of triumph. "I. "Everything's for gain some way, I'd say. People have to live. But what do I know? I make my. Since the coronation of King Lebannen and the restoration of the High Courts and Councils in Havnor Great Port, Roke has remained without an archmage. It appears that this office, not originally part of the governance of the school or of the Archipelago, is no longer useful or appropriate, and that Ged, whom many call the greatest of the arch-mages, may have been the last.. "Hungry? Eat," he said.. She had thought maybe his talk of coming here to cure the cattle sickness was one of the mad bits. He did not act like the curers who came by with remedies and spells and salves for the animals. But after he had rested a couple of days, he asked her who the cattlemen of the village were, and went off, still walking sore-footed, in Bren's old shoes. It made her heart turn in her, seeing that.. Dragonfly stopped too. She said after a moment, "I'm sorry. But I feel like - I feel like you. Mouth. Then seeking further he heard in his mind a name spoken; but he did not speak it.. PEOPLES AND LANGUAGES. "To come here," he said. He was beginning to tremble less. His bare feet were a sad sight, bruised, swollen, sodden. She wanted to tell him to put them right to the fire's warmth, but didn't like to presume. Whatever he was, he wasn't a beggar by choice.. immensely dangerous. Ordinary people- and dragons- keep their true name secret; wizards hide and. She knocked.. They call this the Otter's House," he said. "Very old. As old as the Great House. Everything is old, here. We are old - the Masters." .. of Roke say it didn't happen so, let them tell us how it happened otherwise. For a cloud hangs. shivering arms.. Anieb's mother nodded. "She'll hear it." .. saw him flying thus they shouted, "The dragonlord! the dragonlord!" .. During the voyage, however, he talked several times with Dragonfly, which made Ivory a bit uneasy. Her ignorance and trustfulness could endanger her and therefore him. What did she and the bagman talk about? he asked, and she answered, "What is to become of us." .. lived all their lives in the Grove, served to link human arts and acts to the older sacredness of. bigger than you were," she said. "Can you still make a light, Di? I want to see you." .. He got to his knees, and thought then to whisper, "Thank you, mother." He got to his feet, and fell, because his left hip gave way with a pain that made him cry out aloud. After a

while he tried again, and stood up. Then he started forward..sellers and net makers and such, had gone from Roke to other lands around the Inmost Sea, weaving. With him were a violist, a tabor-player, and Rose, who played fife. Their first tune was a stumpy, fast and brilliant, too fast for some of the dancers. Diamond and his partner stayed in, and people cheered and clapped them when they finished the dance, sweating and panting. "Beer!" Diamond cried, and was carried off in a swirl of young men and women, all laughing and chattering.. "On the polyduct," said the man. "Which is your switch?". Where he stood it was not wholly dark. The air moved against his face. Far ahead, dim, small,. THE KINGS OF HAVNOR. That had always been his word for evil doings, spells for gain, curses, black magic: "sticky. Anieb kept a better pace than seemed possible in a woman so famished and destroyed, walking almost naked in the chill of the rain. All her will was aimed on walking forward; she had nothing else in her mind, not him, not anything. But she was there bodily with him, and he felt her presence as keenly and strangely as when she had come to his summoning. The rain ran down her naked head and body. He made her stop to put on his shirt. He was ashamed of it, for it was filthy, he having worn it all these weeks. She let him pull it over her head and then walked right on. She could not go quickly, but she went steadily, her eyes fixed on the faint cart track they followed, till the night came early under the rain clouds, and they could not see where to set their feet.. "Who are we," said the Doorkeeper, "that we refuse her without knowing what she is?". you wonder he was a little rageous? But I don't say..." She checked herself and then went on, "I. "I haven't practiced ever since I left, Darkrose," he said. "But the music was always in my head, and you...." She reached out her hands to him. They knelt facing, the willow-leaves moving across their hair. They kissed each other, timidly at first..now, dragging the right leg, which would not bear his weight. He went forward. He smelled the wind. Tell him what he sees, Anieb whispered in Otter's mind, and he spoke: "A stream runs through darkness over a glittering roof. Under the roof is the House of the King. The roof stands high above the floor, on high pillars. The floor is red. All the pillars are red. On them are shining runes."
