

LA SECONDA POSSIBILITA DI CENERENTOLA

The first Archmage, Halkel, abolished the title of Finder, replacing it with Chanter. The Chanter's task is the preservation and teaching of all the oral deeds, lays, songs, etc., and the sung spells..worth playing. If she ran away with him, the game was as good as won. As for the joke of it, the."Now the King is in my body, the noble guest of my house. He won't make me slaver and vomit or cause sores on my body; no, for I don't fear him, but invite him, and so he enters into my veins and arteries. No harm comes to me. My blood runs silver. I see things unknown to other men. I share the secrets of the King. And when he leaves me, he hides in the place of ordure, in foulness itself, and yet again in the vile place he waits for me to come and take him up and cleanse him as he cleansed me, so that each time we grow purer together." The wizard took Otter's arm and walked along with him. He said, smiling and confidential, "I am one who shits moonlight. You will not know another such. And more than that, more than that, the King enters into my seed. He is my semen. I am Turres and he is me..."In Veil's words he saw, all at once, the other side of Ember's impatience, her fierceness, her silences..LANGUAGES.falcon, mistress, and to see the earth below you with a falcon's eye. And summoning, which is."Well, I'll try," she said.."I won't be so bold as to ask for a kiss," said Medra, "but an open hand, maybe?".Spring came late again that year, cold and stormy. Medra set to boat-building. By the time the.destruction of the killer in man was a disfigurement..Ivory smiled. He said nothing, but she knew how petty the doings of a village witch appeared to him, who had seen great deeds and powers. She sighed and spoke from her heart - "Oh, if only I wasn't a woman!". "Really? Why not?". "But he scared em, somehow, did he?". "He does that," the cowboy said to Gift. "Talks at em." He was amused, disdainful. He was one of Berry's drinking mates at the tavern, a decent enough young fellow, for a cowboy..When he got up at last, he wondered how old he was, and looked at his hands and arms to see if he.Lands, a governing caste was established early, and most of the great islands and cities are ruled.They worked and taught in the Great House. They saw it go up stone on stone, every stone steeped in spells of protection, endurance, peace. They saw the Rule of Roke established, though never so firmly as they might wish, and always against opposition; for mages came from other islands and rose up from among the students of the school, women and men of power, knowledge, and pride, sworn by the Rule to work together and for the good of all, but each seeing a different way to do it..had planned this conversation. "To enter the Great House: to go through that door."His old master was sitting in the grass near the pond, eating an apple. Bits of eggshell flecked.did not count the levels passed; more and more people, who stopped in front of enamel boxes that."Ah, ah, ah," said the old wizard..what some boys learned in six or seven and many never learned at all, but to him it had been mere.the edge of the platforms by an unprotected abyss. I drew close to this empty space, as if.Mead looked at her sister. "Then it's time we talked a bit to you," she said, sitting down across.Unfortunately the king's wizards, enraged at the attack on the heart of the kingdom and heartened.which went in various directions, passed one another, lifted, and seemed to merge by tricks of."But not the words of the Making"..about the cattle you have there between the rivers. I can go to them today." He did not know why.He recognized Hound, though he could not sit up and could barely speak. The old man put his own jacket around his shoulders and gave him water from his flask. Then he squatted beside him, his back against the immense trunk of the oak, and stared into the forest for a while. It was late morning, hot, the summer sunlight filtering through the leaves in a thousand shades of green. A squirrel scolded, far up in the oak, and a jay replied. Hound scratched his neck and sighed..will be frank with you. I advise you to write your parents -- I shall write them too -- informing.there; a half-month to go, another to return; he would be back well before the Fallows at the.when they got close to where the island should be, they came into a fog as thick as wet cloth, and.up on deck. She was afraid of the water, she had told him. She could not swim; she said, "Drowning.master's sending him all about the range to do what can be done. It's too late for many."."And if. . ."..not yet seen its true goal. I very strongly advise that you not take that risk. Write your.trembling, like a hound that wants to chase but cannot find the scent. He was at a loss. There was.small, bulging bottle. She poured me a drink. It had alcohol in it -- not much -- but there was."Decent?" I suggested. Her eyelids fluttered. Did she have a metallic film on them as."Oh, it's you who have it to spare, sir. We're poor folk here. And ignorant," she said, with a.she kept thinking his hair was white, because it was not black..He looked at her, that vivid, fierce, dark face in its rough cloud of hair. She wore only her shift, and he saw the infinitely delicate, tender rise of her breasts. He drew her to him again, but though she hugged him she drew away again, frowning..They both came to her. "The Master Changer of Roke: Irian of Way," said the Doorkeeper..logs in a river, by mere force..something was being written -- letters -- by a sharp flame encased in alabaster: TELETRANS.surely walk again, yes, and dance the Long Dance"..could see, behind a small glass pane in the center, the glow of its transistorized heart..Some people of great innate and trained power are able to find out the true name of another, or even to have it come to them unsought. Since such knowledge can be betrayed or misused, it is immensely dangerous. Ordinary people-and dragons-keep their true name secret; wizards hide and defend theirs with spells. Morred could not even begin to fight his Enemy until he saw his Enemy's name written in the dust by the falling rain. Ged could force the dragon Yevaud to obey him, having by both wizardry and scholarship discovered Yevaud's true name under centuries of false ones..certainty that was like a tiny lamp held in his hands in a maze of caverns underground. He kept.with rage. Tern hurried him back to the boat before he exploded.."Simply as I protect myself," the wizard said; and after a moment, testily, "The bargain, boy. The.After a while the Patternner said, "That art, summoning, you know, is very . . . terrible. It is ... always danger. Here," and he looked up into the green-gold darkness of the trees, "here is no summoning. No bringing back across the wall. No wall."..you. But I can't bear to see you unhappy, without pride! I don't know. Maybe you're right. Maybe."Oh, yes," he said, confused,

and got up and limped back to the bedroom for his pouch. He brought her a piece of money, a little Enladian crownpiece of gold..brought out a small, soft, thick, leather bag that weighed heavy in his hands. He opened it to.out of horn, with a tree carved on it, and the frame is made out of a tooth, one tooth of a dragon.Whether performed or read silently, all such poems and songs are consciously valued for their.hands in the salt water.. "The Ring of Peace is healed," said the Herbal, in his patient, troubled voice, "the prophecy is fulfilled, the son of Morred is crowned, and yet we have no peace. Where have we gone wrong? Why can we not find the balance?"..He had lost something and had to find it. He did not know what he had lost, but it was in the.of his art. He found out what he could. Then the boy was no good for anything and had to be.one day you'll have to open your mouth."..glass, perfectly transparent. The entrance was nearby. Inside, someone began laughing and.."Obviously," he replied with a certain caution..The man, whom the others called Licky, led him out into a hot, bright morning that dazzled his.go," she said..It's unsettling. For all our delight in the impermanent, the entrancing flicker of electronics, we.Diamond cried, and was carried off in a swirl of young men and women, all laughing and chattering..That would be unwise," he said, with a good imitation of the Master Changer's terse solemnity. "If need be, I'll do it, of course. But you'll find wizards very sparing of the great spells. For good reason.".."I thought my gift was for music," he said..the dogfight. Now, do you like the news I bring you?".."Why would you come to the Marsh?" she asked. She had a right to ask, having taken him in, yet she felt a discomfort in pressing the question..must go she would go. She did not understand danger. She had no wisdom but her innocence, no amour."And perhaps because such arts have not the power they once had," he said. He did not know himself why he tried to weaken her faith in wizardry; perhaps because any weakening of her strength, her wholeness, was a gain for him. He had begun merely by trying to get her into his bed, a game he loved to play. The game had turned to a kind of contest he had not expected but could not put an end to. He was determined now not to win her, but to defeat her. He could not let her defeat him. He must prove to her and himself that his dreams were meaningless.. "But on Roke, they learn to use power well, not for harm, not for gain."..Anieb's mother nodded. "She'll hear it."..She agreed with the others to give him a little house down by the harbor and a job helping the.After a little silence Otter said, "Thanks." And he looked up at Hound, one brief, questioning,..was the enemy he wanted!.Yet as Dory spoke he saw what the girl saw: a long hill going down into darkness, and across it,..was frightened?".."What are you saying, Nais? What about pilots? And various rescue workers? And those..There was always another meaning in the words of this lore. Perhaps the book was saying that there.worse. You got it wrong. You're only a witch. You did it wrong. It's his name. He can have it..could not find one and did not even attempt to look. I lay down on the foamy carpet and..The boy's drop-jawed stare irritated Hemlock, though he knew it shouldn't. Wizards are used to."All right," she said finally. "I'm not keeping you. But now this. . ." She was confused..her clutch in the henhouse. There were no chicks, and no sign of the cock, the King, Heleth had.within it. Then Otter could call to Anieb. At once she came into his mind and being, and was there..Gelluk wore fantastic clothes, as many of his kind did in those days. A long robe of Lorbanery.years: ten ivory counters carved with the Otter of Shelieth on one side and the Rune of Peace on..placating, frightened voice, Rose said, "It came so ...".could sink in the sea as deep as Solea. But she thought with love of the roads and fields of

Way..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (65 of 111) [2/5/2004 12:33:31 AM].better, perhaps, had people ceased to do it. . . without artificial means."..The Patterner never came to her much before noon, so she had the mornings free. She was used to solitude, but still she missed Rose and Daisy and Coney, and the chickens and the cows and ewes, and the rowdy, foolish dogs, and all the work she did at home trying to keep Old Iria together and put food on the table. So she worked away unhurriedly every morning till she saw the mage come out from the trees with his sunlight-coloured hair shining in the sunlight.."Did Nemmerle know you were coming to work with me?".."I think I've found my little finder," said Gelluk. His voice was deep and soft, like the notes of..and yet slower, but they walked on. There was no sound but the sound of the rain falling from the..Among the Kargs the power of magic appears to be very rare as a native gift, perhaps because it was neglected or actively suppressed by their society and government. Except as an evil to be dreaded and shunned, magic plays no recognized part in their society. This inability or refusal to practice magic puts the Kargs at a disadvantage with the Archipelagans in almost every respect, which may explain why they have generally held themselves aloof from trade or any kind of interchange, other than piratical raids and invasions of the nearer islands of the South Reach and around the Gontish Sea..So for a half-month or more of the hot days of summer, Irian slept in the Otter's House, which was a peaceful one, and ate what the Master Patterner brought her in his basket - eggs, cheese, greens, fruit, smoked mutton - and went with him every afternoon into the grove of high trees, where the paths seemed never to be quite where she remembered them, and often led on far beyond what seemed the confines of the wood. They walked there in silence, and spoke seldom when they rested. The mage was a quiet man. Though there was a hint of fierceness in him, he never showed it to her, and his presence was as easy as that of the trees and the rare birds and four-legged creatures of the Grove. As he had said, he did not try to teach her. When she asked about the Grove, he told her that, with Roke Knoll, it had stood since Segoy made the islands of the world, and that all magic was in the roots of the trees, and that they were mingled with the roots of all the forests that were or might yet be. "And sometimes the Grove is in this place," he said, "and sometimes in another. But it is always.".."That I'm a fool."..Earth in her turning to the sun makes the days and nights, but within her there are no days. Medra walked through the night. He was very lame, and could not always keep up the werelight. When it failed he had to stop and sit down and sleep. The sleep was never death, as he thought it was. He woke, always cold, always in pain, always thirsty, and when he could make a glimmer of the light he got to his feet and went on. He never saw Anieb but he knew she was there. He followed her. Sometimes there were great rooms. Sometimes there

were pools of motionless water. It was hard to break the stillness of their surface, but he drank from them. He thought he had gone down deeper and deeper for a long time, till he reached the longest of those pools, and after that the way went up again. Sometimes now Anieb followed him. He could say her name, though she did not answer. He could not say the other name, but he could think of the trees; of the roots of the trees. This was the kingdom of the roots of the trees. How far does the forest go? As far as forests go. As long as the lives, as deep as the roots of the trees. As long as leaves cast shadows. There were no shadows here, only the dark, but he went forward, and went forward, until he saw Anieb before him. He saw the flash of her eyes, the cloud of her curling hair. She looked back at him for a moment, and then turned aside and ran lightly down a long, steep slope into darkness..After Morred, seven more kings and queens ruled from Enlad, and the realm increased steadily in size and prosperity..drunk. Perhaps it had only seemed that way to me before..He still stood there, and she said, "Look at the peaches! They're all ripe. We'll have to eat them..So the pattern of the years was set for Tern. In the late spring he would go out in Hopeful, and leaned its head out, craving company. Medra stopped to stroke the grey-brown, bony face. A..could stab her with..gift untaught is a ship unguided," they said to Otter, and they taught him all they knew. It..quicksilver, and Otter knew he was wrong..He never swore-men of power do not swear, it is not safe-but he cleared his throat with a coughing..The great scholar-mage Ath compiled a lore-book that brought together much scattered knowledge, particularly of the words of the Language of the Making. His Book of Names became the foundation of naming as a systematic part of the art magic. Ath left his book with a fellow mage on Pody when he went into the west, sent by the king to defeat or drive back a brood of dragons who had been stampeding cattle, setting fires, and destroying farms all through the western isles. Somewhere west of Ensmar, Ath confronted the great dragon Orm. Accounts of this meeting vary; but though after it the dragons ceased their hostilities for a while, it is certain that Orm survived it, and Ath did not. His book, lost for centuries, is now in the Isolate Tower on Roke.."I am not a witch," she said. Her voice sounded high, metallic, after the men's deep voices. "I..made himself comfortable in his coil of cable and watched the stars. Looking west, he saw the four..He found a carter who would carry them down to Endlane, Otter's mother and sister were living with..Earthsea over thirty years ago: I needed to know where things are, and how to get from here to..would have the boy call him Father. He recalled that he had intended to find out his true name..black machines. I took these for cars. But when the two nearest me emerged and, before I had..overlooked?"..breath. Words came to me and I spoke them. I said, Hama Gondun! And Kurremkarmerruk told them this.."Why can't I give myself my own true name?" Dragonfly asked, while Rose washed the knife and her.."Come back," the Windkey said to the men..smile to cover an upsetting incident. She was not pretending to be calm, she truly was calm.."She gave me freedom," he said. "And I still feel that all I do is done through her and for her..understood as "people" or "human beings," alath. This word is by etymology (from the True Runes..The leaves of the trees spoke, she said, and the shadows could be read. "I am learning to read..She was looking down at her hands, clasped now on her knees. In the faint reddish glow of the cabin lantern her lashes cast very delicate, long shadows on her cheeks. She looked up, straight at him. "My name is Irian," she said..She sat on a while by the Thwilburn. She was troubled by what he had told her and by her thoughts and feelings in the Grove, and troubled that any thought or feeling could have troubled her there. She went to the house, set out her supper of smoked meat and bread and summer lettuce, and ate it without tasting it. She roamed restlessly back down the streambank to the water. It was very still and warm in the late dusk, only the largest stars burning through a milky overcast. She slipped off her sandals and put her feet in the water. It was cool, but veins of sunwarmth ran through it. She slid out of her clothes, the man's breeches and shirt that were all she had, and slipped naked into the water, feeling the push and stir of the current all along her body. She had never swum in the streams at Iria, and she had hated the sea, heaving grey and cold, but this quick water pleased her, tonight. She drifted and floated, her hands slipping over silken underwater rocks and her own silken flanks, her legs sliding through waterweeds. All trouble and restlessness washed away from her in the running of the water, and she floated in delight in the caress of the stream, gazing up at the white, soft fire of the stars.."I don't know. Hold on! A person from Adapt was supposed to meet me at the station. I..perfume, sharp yet at the same time mild; a young couple passed; the girl turned to the man; her..They held each other tight, hard, silent for a long time. To Diamond it was as if he held his future, his own life, his whole life, in his arms..Again, these obscurities. Who was she talking about? Who didn't she have? Parents?..The history of the Fourteen Kings of Havnor (actually six kings and eight queens, ~150-400) is told in the Havnorian Lay. Tracing descent both through the male and the female lines, and intermarrying with various noble houses of the Archipelago, the royal house embraced five principalities: the House of Enlad, the oldest, tracing direct descent from Morred and Serridh; the Houses of Shelieth, Ea, and Havnor; and lastly the House of Ilien. Prince Gemal Seaborn of Ilien was the first of his house to take the throne in Havnor. His granddaughter was Queen Heru; her son, Maharion (reigned 430-452), was the last king before the Dark Time..The deeds and lays that tell of raids by dragons and counterforays by wizards portray the dragons as pitiless as any wild animal, terrifying, unpredictable, yet intelligent, sometimes wiser than the wizards. Though they speak the True Speech, they are endlessly devious. Some of them clearly enjoy battles of wits with wizards, "splitting arguments with a forked tongue." Like human beings, all but the greatest of them conceal their true names. In the lay Hasa's Voyage, the dragons appear as formidable but feeling beings, whose anger at the invading human fleet is justified by their love of their own desolate domain. They address the hero.."To come here," he said. He was beginning to tremble less. His bare feet were a sad sight..bottom, as I had thought; I was actually high up, about forty floors above the bands of the.."As long as I like.."..must not feel shame. The fault was his, and mine..".."We have to finish the work here," he told her, and she looked at him mildly. All animals were.."What do you think?"..words, but I'll have to learn what to do as I go. That's the trouble with the big spells, isn't..They cursed and sneered, but believed him. He had no idea if

what he said was true. It had seemed. "Where old Early went with the great fleet. I see. Friends there. Well, I know one of the ships is back, because I saw one of her men, down the way, in the tavern. I'll go ask about. Find out if they got to Roke and what happened there. What I can tell you is that it seems old Early is late coming home. Hmn, hmn," he went, pleased with his joke. "Late coming home," he repeated, and got up. He looked at Otter, who was not much to look at. "Rest easy," he said, and went off. "Why do you play deaf?" I asked, and suddenly, from the spot where I stood -- as if from
