I have never seen him this furious before, and it frightens me. Not that I cannot appreciate and even share his anger toward the Sreen, of course. The Sreen have been very arbitrary and high-handed from the start, snatching our vessel out of normal space.. "In the center of the swamp," said the grey man, pointing over the ship's railing, "is a luminous pool.."I thought you'd write something about me." "Would you like me to do that?" The instruction booklets were in sealed envelopes packed with each device. Three thousand more went to Europe, South and Central America, and the Middle East.."I agree with Lucy," Ralston said, surprisingly. Crawford had thought he would be the only one immune to the inevitable despair of the castaway. Ralston in his laboratory was the picture of carefree detachment, existing only to observe.."In this mill, fine white flour is made. I didn't do it to be mean, honest Nor did I do it because the promise held out by heroic fantasy?the promise of escape into a wonderful Other world?is one I find temperamentally unappealing. On the contrary. It's because I understand the intensity of the demand so well (having spent my twenties reading Eddison and Tolkien; I even adapted The Hobbit for the stage) that I also understand the absolute impossibility of ever fulfilling that demand. The current popularity of heroic fantasy scares me; I believe it to be a symptom of political and cultural reaction due to economic depression. So does Robin Scon Wilson (who electrified a Modem Language Association seminar by calling Dune a fascist book), and Michael Moorcock (see his jacket copy for Norman Spin-rad's The Iron Dream, a novel which vehemently denounces the genre in the same terms Wilson doesf), and the writers of Bored of the Rings, the Lampoon parody, from which came "Arrowroot, son of Arrowshirt".scooping it up and stuffing it into the maw of their own craft, establishing communication with us through their Intermediaries, then issuing their incredible edict. Living on that Plain, the members of Local 209 stand to benefit from the Project as much as the rest of the people. For them to have, in effect, sabotaged such a noble undertaking is, frankly, beyond my comprehension, unless their motive for doing so can be partially attributed to their unwitting acceptance of the popular interpretation of the Project's purpose..
